

APPLICATION

monta pack 333 is an adhesive tape for multiple applications and ensures a permanent closure of medium heavy to heavy cartons. Because of the backside coating this adhesive tape is easy to unwind and therefore ideal for the application with packaging machines. When stored and applied correctly, the adhesive tape is suitable for packing frozen goods and keeps packages securely closed even at temperatures of up to -30°C.

PROPERTIES

- high tensile strength in longitudinal and cross direction
- high immediate tack and adhesion on various surfaces
- easy to unwind
- resistant to diluted acids and alkalis
- temperature resistant: after application at room temperature from approx. -30°C up to +130°C short term
- suitable for recycling processes
